Frequently Asked Questions:

How can Virdivis™ FB-SD-10 be used? Virdivis™ FB-SD-10 is suitable for both Clean-In-Place (CIP) and Clean-Out-of-Place (COP) applications. It is easily dissolved in water and can be applied using a brush, roller, towel, sprayer, immersion, or in recirculating systems. It can be rinsed away with water.

Cost: Virdivis™ FB-SD-10 is highly competitive. It replaces the multi-step process: caustic cleaning, then descaling and passivation. FB-SD-10 is less expensive in use, saves manpower and money

How safe is Virdivis™ FB-SD-10? All ingredients are on FDA Generally Recognized as Safer (GRAS) list. Virdivis™ FB-SD-10 is non-corrosive and safe for use with metals, plastics, elastomers... Not recommended for use on marble. Virdivis™ FB-SD-10 is allergen free

What protective equipment do I have to wear? Please refer to the Safety Data Sheet (SDS). We recommend when handling any chemicals that proper eye and skin protection are used. If spilled on exposed skin or clothing wash with soap and water

Where can I find an SDS? Please contact your Virdivis™ representative

Disposal: Virdivis™ FB-SD-10 is safe to dispose of into most waste treatment systems. The good news is that Virdivis will your clean drains and drain lines

Can I use city water to dilute the product? Yes, Virdivis™ FB-SD-10 is stable in hard and soft water

What do I do with extra cleaning mix - can it be stored? Yes, the product can be stored for up to 1 year without impacting performance

What temperature can Virdivis™ be used? It is highly effective at room temperature or warmer (up to 180°F or 82°C) providing flexibility

What temperature can Virdivis™ be stored? We recommend room temperatures. In general, exposure to extreme temperatures 0°F to 120°F (50°C) will not impact the product performance

ABOUT US

At Virdivis™, we study chemical activity in nature in order to develop exciting new ways to leverage this bioactivity. Our findings are validated by leading experts and independent laboratories. We work with our customers to understand their needs and can provide custom solutions to solve their most difficult challenges.
