

# VIRDIVIS™ GH-2000

- A Safer Bio-inspired Cleaner and Descaler
- Designed for Greenhouses and Agricultural Facilities
- Easy -to-use 1-Step Cleaner for All Surfaces

## Virdivis™ GH-2000

All purpose cleaner and descaler:

- \* More Effective Cleaning - proven to remove gunk, slime, grime, mineral deposits, biofilms, and microbes.
- \* Safe & Bioinspired - safe for people, equipment, and the environment. Safe for metals, glass, plastics, polycarbonate, ... even evaporative pads and safe to use around many plants.
- \* Easy -to-use in 1-step clean & remove

## What this means for you:

- \* Less time and less manpower spent on cleaning resulting in significant cost savings
- \* Non-toxic and noncorrosive makes handling and storage easier and keeps people safe
- \* 1-step cleaning means more effective cleaning. Less chemicals used means less cost and less waste disposal

## What can be cleaned?

Structures and facilities:  
inside and outside

Cement walkways,  
benches, and fixtures

Evaporative cooling  
systems, including pads,  
irrigation systems, drip  
lines, misters, emitters

Our patented cleaning technology is essential for a clean greenhouse:

- \* Maximizing light penetration
- \* Ensuring a safe growing space and supporting plant health
- \* Protecting your investment
