

VIRDIVIS™ HE-100

A Bio-inspired High Performance
Cleaner, Decarbonizer,
Descaler and Degreaser
For Heavy Equipment and Engine Parts

Virdivis™ HE-100

All purpose cleaner, descaler, decarbonizer and degreaser

- * Fast & More Effective Cleaning - proven to remove gunk, slime, grime, carbon, rust, and mineral deposits.
- * Safe & Bioinspired - safe for people, equipment, and the environment. Non-corrosive and safe for use with metals, plastics, elastomers
- * Easy -to-use in 1-step clean & remove

What this means for you:

- * Less time and less manpower spent on cleaning resulting in significant cost savings
- * Non-toxic and noncorrosive makes handling and storage easier, keeps workforce safe
- * 1-step cleaning means more effective cleaning, less chemicals used, less cost and less waste disposal

What can be cleaned?

Diesel EGR valves, fuel injectors, intake valves, turbochargers

Radiators, cooling systems

Carbon and other deposits
Shop floors, tools, ...

Patented advanced cleaning technology

Virdivis™ Is Free Of ...

 Bleach and chlorides

 Mineral acids

 Quaternary ammonium compounds

 **Frequently Asked Questions:**

 Peroxides

 Caustics

 Nitrates/Phosphates

How can Virdivis™ HE-100 be used? Virdivis™ HE-100 can be applied by immersion (parts cleaner or soaking tank), brush, roller, towel, sprayer, and in recirculating systems. It can be rinsed with water.

Cost: Virdivis™ HE-100 is highly competitive. It is less expensive in use, saves manpower and money

How safe is Virdivis™ HE-100? All of the ingredients are on the FDA Generally Recognized as Safer (GRAS) list. Virdivis™ HE-100 is non-corrosive and safe for use with metals, plastics, elastomers... Compatibility testing is recommended for use on painted surfaces and coatings.

What protective equipment do I have to wear? Please refer to the Safety Data Sheet (SDS). We recommend when handling any chemicals that proper eye and skin protection are used. If spilled on exposed skin or clothing, wash with soap and water

Where can I find an SDS? Please contact your Virdivis™ representative

Disposal: Virdivis™ HE-100 is safe to dispose of into most waste treatment systems. The good news is that Virdivis™ will clean your drains and drain lines

Can I use city water to dilute the product? Yes, Virdivis™ HE-100 is stable in hard and soft water

What do I do with extra cleaning mix - can it be stored? Yes, the product can be stored for up to 1 year without impacting performance

At what temperatures can Virdivis™ be used? It is highly effective at temperatures up to 180°F or 82°C, providing flexibility. Increasing the temperature increases cleaning performance.

At what temperature does Virdivis™ concentrate need to be stored? We recommend storing at room temperature. In general, exposure to extreme temperatures 0°F to 120°F will not impact the product performance

ABOUT US

At Virdivis™, we study chemical activity in nature in order to develop exciting new ways to leverage this bioactivity. Our findings are validated by leading experts and independent laboratories. We work with our customers to understand their needs and can provide custom solutions to solve their most difficult challenges.
